

The intent of the R/C club is to promote racing of 1/10 scale radio controlled cars within The Villages. 1/10 scale cars will be defined by R.O.A.R. rules (11.0 in) max wheel base unless specifically stated otherwise for a particular class.

Nastruck-- (Camping world series) Nascar style pickup trucks. ANY 4 whl drive 1/10th scale touring chassis is allowed. A 21.5 brushless motor (max) with a 2s lipo battery. Tires are limited to 26 mm front and rear. Rubber or foam may be used, any pattern. (this class is a replacement for VTA)

RULES & PROCEDURAL CHANGES FORMAT

- 1. Any / all requests for changes to the rules must be submitted to the Board in writing. (verbal requests are invalid)**
- 2.The request must specifically identify the rules or section of the rules that is being called into question. It should also identify the change that is being requested and possible impact on the membership of the club.**
- 3.The requestor must also sign the request and any other members that agree with the change request should also sign in support of the request**
- 4. The board will do a formal review of the submitted request. It is the board's job to determine**

if the request is valid and the impact of the change on the clubs membership, cost etc.

5. The board will then forward the request to the rules committee with it's recommendation/s concerning the change

6. Based on the board's recommendation, the rules committee shall take the appropriate action to either change the rule or not. The boards recommendation is the final decision regarding the change.

7. The rules committee will report on the issue in open meeting with the results.
